CATALOG OF DOORS & MOULDINGS

This catalog was compiled and designed for the specific use of purchasing divisions, building superintendents, and carpenters employed in building construction and maintenance . . .

It delineates the most comprehensive systematization of mouldings, millwork and doors carried by any lumber distributor in the East.

Our principal occupation, however, is lumber and when you make Foremost your source of supply you are assured of receiving lumber that was cut from the finest forests in the world, manufactured and distributed by the most expert talent in this industry.
